5. Finalization of Question Papers

A unique aspect of the Examination Cell is its responsibility to uphold the highest standards of academic integrity. This involves safeguarding the confidentiality of question papers and preventing malpractices.

In view of Learning Outcome Based Education, question paper setting is of utmost importance for the quality evaluation. Name of the Paper setters proposed by respective HODs/Deans/Director were sent for the approval of the Vice Chancellor through the Controller of Examination.

As per the approval accorded in the meeting of Examination Committee, nominated faculty members prepared the Question papers on the prescribed format for final submission on Exam Portal. On the basis of detailed guidelines, the question papers were prepared by the faculty members.

Format of Question Papers

The question papers comprised of questions from entire syllabus as per the weight-age of the modules of the concerned course unit. In alignment with revised Blooms' Taxonomy, the questions were framed in a way to assess the Learning Outcomes properly and weight-age given to each module of instruction.

In general for 03, 04, 05 and 06 credit courses, question paper duration was 03 hours whereas for 01 and 02 credits courses, question paper duration was 1½ Hours. General pattern of question paper for 03, 04, 05 and 06 credit courses was as under:

Section	Question Type	No. of Questions to be asked	No. of Questions to be answered	No. of Marks	Total Marks
Section A	Very Short Answer Type (10)	10	10	1@Question	10 Marks
Section B	Short Answer Type (20)	09	08	2.5@Question	20 Marks
Section C	Long Answer Type (30)	06	05	6@Question	30 Marks
Section C#	Long Answer Type/ (18)	04	03	6@Question	18 Marks
	One Case Study (12)	02	02	6@Question	12 marks

#In case of case study

In addition to the above, question paper pattern for the Bachelor of Science in Agriculture {B. Sc. (Hons)-Agriculture}, Diploma in Agriculture Science, Bachelor of Education (B. Ed), Bachelor of Pharmacy (B.Pharm), Diploma in Pharmacy (D.Pharm), Bachelor of Architecture (B.Arch.), Diploma in Architecture (D. Arch) and Bachelor of Interior Design (BID) was in alignment with the instructions issued by their statutory regulatory authorities.

Setting of Question Papers

Certain important points which were included in the guidelines to ensure the appropriate designing of question paper:

- As per the University Norms & Guidelines, the question paper should be designed in such a way that it segregates outstanding students among the students appearing for the examination and grade them in Outstanding, Excellent, Very Good, average & Pass.

P. Bankn
Controller of Examination

 All-Hadauri, Post-Tindola, Lucknow Deva Road,
 Barabanki (U.P.)-225003

Outstanding students should be in the range of 5% of total and unsuccessful category of students should not be more than 10% of students.

- b) The question paper setter should decide the weight-age of various Chapters and Units of the syllabus and frame the questions accordingly ensuring the coverage of all Chapters and Units. The questions should be evenly distributed from the prescribed syllabus.
- c) Questions should be based upon course learning outcome as provided in the syllabus and use corresponding cues/verbs of revised Bloom's Taxonomy for examination.
- d) The language of question should be simple. Ambiguous and confusing terminology should not be used. Construction of simple sentence is desired excluding unnecessary details.
- e) The faculty members must ensure insertion of correct answer and re-check while updating it.
- f) In order to maintain the security, faculty members must ensure resetting of their passwords on portal.
- g) Difficulty level of each question and entire question paper should be analyzed. Generally, 50% to 60% of student (average) should be able to score average grading in the subject. At least 5% of students should only be able to answer one odd question which has significant difficulty level in comparison to filter outstanding students.
- h) The questions in a question Paper should be aligned with the respective sections and duration. Indicated time duration in the templates to complete the question paper should be based upon the time taken by an average student.
- i) The repetitive questions should not be more than 20% in the question paper of the End Semester Examination which has already been asked in the previous test/examination.

To maintain the confidentiality, the whole process of receiving the question paper was done through SRMU Examination Portal.

Moderation of question papers

As per the Question Paper Moderation Guidelines, the question papers were moderated centrally in the Examination Cell in the secured manner under the surveillance of CCTV and in the presence of COE and Deputy COE and then finalized papers were utilized for the conduction. As the Moderation Committees' work is secret in nature, adoption of various security measures ensures confidentiality.

To ensure consistency of question papers within the framework of the syllabus, thereby ensuring consistency of assessment for all students, moderation of Question Paper is being done as per the Guidelines/Checklist. It also ensures that weightage within a module is appropriate and conforms to the blueprint, thereby ensuring fairness, accuracy and consistency in marking.

The committee ensured following guidelines during moderation:

- a) The questions are from within the syllabus and framed in a manner intelligible to the student.
- b) The coverage and level of the question paper are appropriate and consistent with the curriculum and assessment framework
- c) The prescribed time duration for Question Paper justify with the framed questions given and marks allocation.

- f) The layout of the QP is in the approved University format and prescribed template has been used.
- g) The question paper model conforms to the Study and Evaluation Scheme of particular program.
