Instructions only for AC Utilization:

1. For better utilization of air conditioners thermostat setting will be at 25°C.
2. Use of ceiling fan is recommended along with AC for better circulation.
3. During power cut, the Air Conditioners functioning will be prohibited.
4. Students shall ensure that doors and windows remain closed while the AC is in operation to avoid energy wastage.
5. Students must switch off the AC while leaving the room for more than 30 minutes, during class hours and during vacations (main supply may be disconnected).
6. Students are strictly prohibited from handing over the keys of their AC rooms to any other student during their absence from the hostel.
7. Penalty will be imposed if any damage is caused to the AC due to negligence, misuse, or unauthorized handling from the room occupants.
8. Any malfunction, unusual sound, leakage, or technical fault must be immediately reported to the Hostel Warden.
