**About the Webinar:** As per the National Education Policy (NEP) 2020, a single regulatory body will guide Higher Education in India. The regulatory body named as Higher Education Commission of India (HECI) will have 4 verticals to deal with different functions of higher education. The functioning of all the independent verticals for Regulation (NHERC), Accreditation (NAC), Funding (HEGC), and Academic Standard Setting (GEC) and the overarching autonomous umbrella body (HECI) itself will be based on transparent public disclosure, and use technology extensively to reduce human interface to ensure efficiency and transparency in their work. The separation of functions would mean that each vertical within HECI would take on a new, single role which is relevant, meaningful, and important in the new regulatory scheme. This webinar will focus on the role and relevance of single regulatory body for Higher Education in National Education Policy (NEP) 2020.
