(B. Tech BT Second year)
Contact : 8172890441

Invited Speaker

Dr. Boyina Rupini
Director,
School of Inter-Disciplinary and Trans-Disciplinary Studies,
IGNOU, New Delhi

ABOUT STE...

SAVE THE ENVIRONMENT (STE), Kolkata was founded and registered on 19th November 1990 with the mission to spread awareness in society about environment, water and health. In its journey of three decades, STE has collaborated with reputed organizations including All India Institute of Hygiene & Public Health, Kolkata; India Canada Environment Facility; DRDO, Ministry of Defence; Department of Science & Technology, GoI; IIM Ahmedabad to mitigate the effects of arsenic poisoning and provide arsenic-free drinking water in rural and semi-urban areas.

The vision of STE is to protect present and future generations from various environmental hazards. The society dedicatedly organizes various interactive sessions such as conferences (National and International), workshops, seminars and webinars. It also publishes its own quarterly newsletter 'Prakriti Sanrakshan' and journal 'International Journal of Environment & Health Sciences' [ISSN and Crossref DOI available].

STE is continuously striving to expand its outreach in accomplishing the target of purer water and greener environment.
