

About the Webinar:

Teaching online isn't like teaching in the classroom. It requires a different approach and specific online teaching strategies to boost learning. In a digital learning environment, you often have limited time to make sure that your instruction is effective. Teaching online requires different types of interactions with students. So, Institute of Education and Research has taken the initiative to organize the webinar on "**Online Teaching Learning Strategies**". The input of this webinar help to enhance the knowledge about online teaching learning Strategies.
