National webinar

On

**ONLINE TEACHING-LEARNING
STRATEGIES**

2 JUNE , 2020

OBJECTIVES

The objectives of organizing this webinar on “ Online Teaching Learning Strategies”, are as follows:

1. To enable students to develop effective self-directed learning skills, tools and technology .
2. To identify what students need to learn, find and use online resources, apply the information on the problem at hand, and even evaluate resultant feedback..
3. To engage students in utilizing digital learning tools and technology.
4. To sharpen critical thinking skills, which are the basis for the development of analytic reasoning.
5. To introduce learner with digital learning which is far more interactive and memorable than voluminous textbooks or one-sided lectures.

DETAILED REPORT

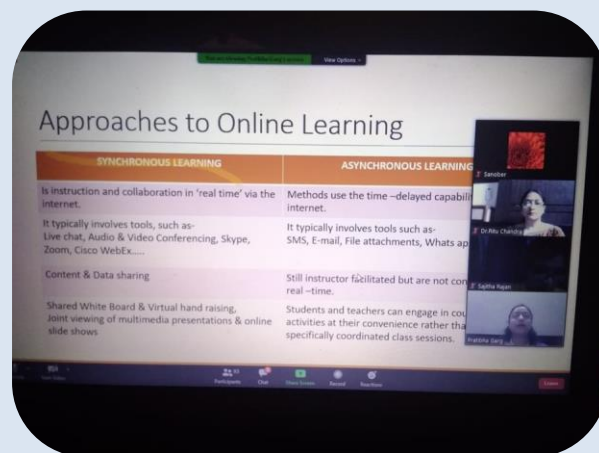

The Institute of Education and Research organized a National Webinar on “ Online-Teaching Learning Strategies” on 2 June, 2020. Ms. Pratibha Garg , Assistant Professor, Army Institute of Education, was invited as the Resource Person for the webinar.

In total 1753 responses were recorded through Google form. 100 participants witnessed the webinar via ZOOM App and approximately 657 participants viewed the webinar LIVE on YouTube.

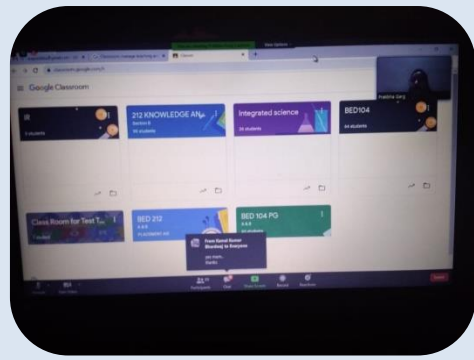

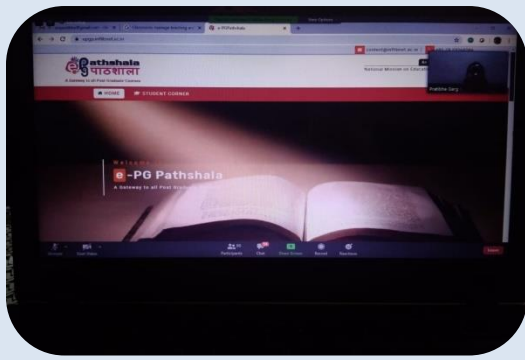

She began the session quoting “ You can’t teach people everything they need to know. The best you can do is to position them , where they can find , what they need to know it” .

She emphasized on how valuable the Online - Teaching Learning platform have become. She started her lecture discussing , What is Online Learning, its approaches, requirements , strategies and techniques to overcome learning difficulties. She also explained various online platform that can be utilized to smoothen the teaching learning to make it more effective.

She reviewed the participants about the e-learning resources , open learning resources, digital contents and various Information and Communication Technology initiatives like NROER, SWAYAM, MOOC, DIKSHA, SWAYAM PRABHA, E-PATHSHALA, SHODHGANGA, E-PG-PATHSAHLA, etc laid down by the Ministry of Human Resource and Development.

She guided the participants about enrolling in online learning programmes in their field of interest and about accessing various e-content available on repositories.

She ended her lecture on a very positive note with an inspiring quote “ The expert in anything was once a beginner”.
