SHRI RAMSWAROOP MEMORIAL
UNIVERSITY

NATIONAL SEMINAR

ON

**“EDUCATION FOR THE 21st CENTURY:
CHALLENGES AND INNOVATIONS”**

(21st July, 2018)

Organized by

Institute of Education and Research

Shri Ramswaroop Memorial University

Lucknow - Deva Road, Barabanki

About the Seminar

Education plays a vital role in developing a nation culturally, economically and socially. That is why every nation focuses on this sector. The trend of education has developed considerably. Information Technology plays a pivotal role for the development of education. As far as the education sector is concerned, sustainability, pluralism and innovations are the key words today. The purpose of this National Seminar is to have a broader vision on the latest trends in Education. The motive is global, the path to the 21st century, Education requires a local journey one that recognizes and responds to specific challenges and opportunities. In the changing context of emergence of knowledge economy, Educational institution need to embrace the concept of lifelong Education and training. The functional characteristics of Education should imply and support the technological society by producing knowledge workers. For this purpose, the National seminar would address the Innovations and challenges associated with the 21st century Educational system, as only sound system of Education and Training can provide a lasting solution for various problems and can lead the youth towards rational, positive and creative thinking.

University Profile

Founders of the university, alumnus and gold medalist from IIT Kanpur, envision Shri Ramswaroop Memorial University being a world class University by achieving excellence in the fields of Education, Research & Consultancy through socially enriching and ethically responsible pursuits. SRMU is a confluence of academic, cultural and intellectual resources. SRMU seeks to achieve the highest levels of distinction in the innovation and transmission of knowledge and understanding. Nine institutes, offer a wide spectrum of choice for the student to choose undergraduate, post graduate and doctoral program in Engineering, Architecture, Bio-Technology & Bio-Science, Management, Commerce, Economics & Computer Applications, Journalism & Mass Communication, Legal Studies, Basic Science, Humanities and Education.

About Institute of Education & Research

The Institute of Education & Research provides quality education and develops world class teachers embodied with strong value system. The Institute also focuses on expertise in research to equip the students with an innovative and creative understanding of teaching and learning. We are dedicated to provide a safe learning environment and develop a reverence for education. Our objective is to offer a diverse academic curriculum, wide array of extra-curricular activities and to continuously strive to enhance our student's strength to develop morally upright citizens of the country. The Institute plans to serve the society by nourishing great minds. It is the moral responsibility of the teacher to be the torch bearer and show the right path to coming generations. It is our endeavour to establish such a quality – conscious Institute which focuses on excellence driven by values, success strengthened by ethics to develop sensitized teachers.
