## Re:SRMU Co-curricular Activities for the Session (2018-19)

To encourage the enthusiastic participation of students in extra-curricular activities, Wednesday 2nd half (during 01:30 PM – 4:15 PM) has been kept free from teaching. All the students are desired to contact respective club coordinators as per their area of interest & submit their names.

As students can actively participate in only one club at a time, hence student coordinatorship/membership is restricted to only one club. However, students may participate in any event during Freshers Party and Annual Fest for which membership is not required.
