#### Description of organisation

Shri Ramswaroop Memorial University aspires to be a world-class University by achieving excellence in the fields of Education, Research & Consultancy and through socially enriching and ethically responsible pursuits. The University places immense emphasis on qualified faculty, enriched courses, innovative pedagogy and 360 degree personality development of its students. Strong industry linkages ensure good placements.

#### Objective of Internships

The objective of the training will be to acquaint the students with work ethics and professional environment and to provide practical applications for his/her degree. The intern will observe the organisation operations and master the art of communicating at the work place. The intern will understand the dynamics of market situations and gain insight into the Indian Corporate and social arena and attain a comprehensive world view.

Having completed the training the student would have had real time exposure to the corporate world in the Indian landscape. This will equip them with insights to plan and tailor business assignments for the Indian Subcontinent. With a young burgeoning population and rising disposable income, India is becoming the largest market of the future which no product manufacturer and service provider can ignore. It also opens up possibilities for networking and future job opportunities in India. An internship in India will also broaden the mental horizon of the student to a wide and rich cultural landscape.
