### Objective

The objective of the International Seminar on “Advance Research Methodology in Neuroscience” is to equip participants with cutting-edge methods and techniques essential for cognitive neuroscience research. Attending this seminar will enable participants to refine their research skills, stay informed about the latest advancements in the field, and connect with peers and experts in the domain of neuroscience on a global platform.

### About The Institute

Shri Ramswaroop Memorial University (SRMU) Barabanki, Uttar Pradesh, India. It was established in July 2012. SRMU is a confluence of academic, cultural and intellectual resources and seeks to achieve the highest levels of distinction in the innovation and transmission of knowledge and understanding. The Institute of Pharmacy is dedicated to delivering high-quality education and training in the field of Pharmaceutical Sciences. We offer a comprehensive range of undergraduate, and diploma program designed to build a strong foundation for students. Our faculty comprises highly qualified and experienced educators committed to fostering academic excellence and innovation. Equipped with state-of-the-art laboratory and research facilities, we provide students with hands-on experience in various aspects of pharmacy, ensuring they are well-prepared for future challenges in the healthcare and pharmaceutical industries. Our commitment to excellence prepares graduates to become leaders and innovators in their fields, contributing meaningfully to healthcare and scientific advancements.
